## *Product Accessories*

### STAND

### Carrying Case

### VersaBrite Light

### Belt Clip

### Probe Cable

#### **STAND:**

- For use with the Inspector, Digilert 50, and Geiger.
- Whether you need to perform area monitoring or scan your hands and items for contamination, the STAND offers a convenient way for the instrument to STAND vertically while leaving your hands free for other tasks.
- The STAND is made from electro-polished stainless steel.
- Double stick adhesive strips are included to mount the STAND in a permanent location.
- The STAND fits in the carrying case with the instrument.

#### **Carrying Case:**

- Carrying case included with models M4, M4EC, M5, MC1K, Inspector, and Digilert 50.
- Carrying cases are equipped with belt clip or belt loop (Inspector and Digilert 50).

#### **VersaBrite Light:**

Available for convenient illumination of the PEN dosimeters.

#### **Belt Clip:**

Optional for the M4, M4EC, MC1K, and Digilert 50.

Stainless steel belt loop is attached to instrument. Once the belt clip is attached it is not removable.
